How to Download & Access a PDF on Your Mobile Device

If your device is not listed here, email the file to the email address used with that device, and try downloading the file via email. You will be prompted to open the file in whichever installed app can handle PDFs.

iPad or iPhone

1. Visit MMACJA.org > "2016 Conf. eNotebook" (use Safari for best results).
2. Click one of the two download buttons. If you use the second button, you will need to click the "Download" button in the upper right hand corner once the second page loads.
3. Once the file opens, tap the middle of the screen.
4. Tap the arrow that appears in the upper right-hand corner.
5. Tap Open in "iBooks", wait for the file to load in iBooks.
6. To access the Bookmarks, click the bulleted list image in the upper left-hand corner, then click the icon in the upper right-hand corner that has three horizontal lines in it. Use the bookmarks to jump to different sections of the notebook.

Other Tablets and eReaders

1. Visit MMACJA.org > "2016 Conf. eNotebook" (use Safari for best results).
2. Click one of the two download buttons. If you use the second button, you will need to click the "Download" button in the upper right hand corner once the second page loads.
3. Once the file opens, tap 3 dots menu, then select "Open with...", then open the file with the PDF reader of your choices (Nook, Kindle, Google Drive, etc.)
4. If the file doesn't open automatically, go to the My Files app and locate the PDF in the Downloads folder.

Other Tablets and eReaders without Internet Access or a Web Browser

1. On your computer, visit MMACJA.org > "2016 Conf. eNotebook"
2. Click one of the two download buttons to download the file to your computer. Be sure to save it to a location that you can navigate to later.
3. Connect your device to your computer using the USB cable.
4. Open Windows Explorer (WIN key + E) to view files on your device.
5. Drag and drop the file from your computer to the My Files > Documents folder on your device.
